

Dear Fellow Business Owners and Supporters:

Everyone in our community knows of someone who has faced the terrible, frightening disease of cancer and seen firsthand the impact that it has in so many ways.

You're invited to participate with the Aberdeen Chamber of Commerce, Aberdeen Lions Club, Aberdeen Rotary Club, American Legion Post, local government, friends, family and survivors of cancer at our **Think Pink Aberdeen Md.** October 6<sup>th</sup>.

Together, we'll **Paint the Town Pink**, raise funds to support cancer patients right here in Harford County. From decorating store fronts, points of sale items to promoting your business and fundraising events throughout the community-including having large Pink Ribbons painted on store windows, car and more, as well as our 5K Run, 1Mile Walk and Kids Fun Run on October 6<sup>th</sup>. These efforts will assist cancer victims and their families who struggle with medical bills, doctor appointments, treatments and transportation.

The Cancer LifeNet Program at the Kaufman Cancer Center anticipates serving more than 1200 cancer patients and their loved ones in 2019. Over 85% of those served by the Cancer LifeNet Program resides in Harford County. The need for cancer care and support services is real and urgent. Of the documented Cancer LifeNet Program participants in 2018 nearly a large number of them were residents of Aberdeen.

Become a **THINK PINK BUSINESS MD!** Agree to display promotional signage, offer coupons, store discount or donate items. We will be raffling gift baskets with any items donated and your business recognized in the raffle basket.
